LEGISLATIVE COUNSEL’S DIGEST

Existing law provides for licensing and regulation of various healing arts professions and generally requires licensees to complete continuing education courses in order to remain eligible to renew their licenses or certifications. Existing law imposes various training requirements for certified nurse assistants regulated by the State Department of Public Health.

This bill would require physicians and surgeons, physician assistants, registered nurses, licensed vocational nurses, nurse practitioners, psychologists, marriage and family therapists, licensed clinical social workers, and psychiatric technicians, medical assistants, and certified nurse assistants to complete at least one course of 2 to 5 hours in duration that provides instruction on cultural competency, sensitivity, and best practices for providing adequate care to lesbian, gay, bisexual, and transgender persons, as specified. The bill would require the applicable licensing board or certifying entity to enforce these requirements. The new requirements would become effective on January 1, 2013.
The people of the State of California do enact as follows:
